

The Fetus as a Patient 2005

The Fetus as a Patient 2005

Dear Colleagues and Friends,

It is a great honour and pleasure for me to invite you to the XXI International Congress of the Society "The Fetus as a Patient 2005", to be held in Buenos Aires, Argentina, on April 27 to 30, 2005 at the Sheraton Buenos Aires Hotel & Convention Center.

The scientific program promises outstanding speakers, national and international, who will present information on the most recent and most important advances in our field. Attendees will have the opportunity to select from state-of-the-art lectures, roundtables, panel discussions, symposia and paper presentations.

The Industry is also committed to support our Meeting that will host a large exhibit area and many attractive opportunities to share their products and knowledge with the audience. Buenos Aires, the capital city of Argentina, is the most European-like City in South America, and displays an intense cultural, scientific, touristic, and gastronomic activity. Argentina as a whole is a beautiful and vast country, which you will be able to visit when you come to our Congress.

We, as the Organizing Committee, are delighted and honored to share these days of fruitful scientific exchange and friendship that will surely be a memorable experience.

We will be waiting for you !

Prof. Liliana S. Voto, MD, PhD Congress President
